

*Retrofitting towards climate neutrality*

## **D6.4 4<sup>th</sup> Dissemination and Communication Plan**

---

**Programme: HORIZON EUROPE**

**Grant agreement number: 101096522**

**Project acronym: Green Marine**

**Project title: Retrofitting towards climate neutrality**

**Prepared by: UoS**

**Date: 20/07/2026**

**Report version: FINAL**

Funded by the  
European Union

### **Funding acknowledgement**

**Green Marine is funded by the European Union funding from the European Union's Horizon Europe research and innovation program under grant agreement No. 101096522. UK participants in Horizon Europe Project Green Marine are supported by UKRI grant numbers 10064539 (University of Strathclyde), 10068477 (CalMac Ltd) and 10064666 (CCM).**

## EXECUTIVE SUMMARY

---

This document is the deliverable “D6.4 – Fourth Dissemination and Communication Plan” of the European Union project “Retrofitting towards climate neutrality” (here referred to as “**Green Marine**”), with **grant agreement No. 101096522**.

Deliverable D6.4 complements, and therefore, should be read alongside deliverable “D7.2 – Project Handbook including draft Data Management Plan”. This is because deliverable D7.2 defines some procedures on how to communicate and structure the collaboration. In addition, it highlights the quality assurance process with an elaborated review process of reports, presentations, deliverables, etc. In addition, D7.2 sets out the method of internal communication of partners via e-mails, videoconferences, and, where applicable, face-to-face meetings.

The aim of this deliverable is to produce a dissemination and communication strategy and plan covering the coordination of the overall communication efforts of the **Green Marine** Consortium. It describes the most effective communication and promotion strategy for the dissemination of the project’s results. It outlines methods, channels, tools, outcomes, and expected KPIs throughout the project duration. The social media account (LinkedIn; the link is [here](#)), project website (<https://greenmarine-project.eu/>), and the YouTube channel (<https://www.youtube.com/channel/UCOUdc7ubnJ8CxKMo-jN3Tyg>) have already been created.

The **Green Marine** Dissemination and Communication Plan is a living document. D6.4 is the final version published to improve the internal processes and procedures of the project.
